

**JOTUN**

*SeaLion*

**RESILIENT**

Strong Smooth Simple

# STRONG. SMOOTH. SIMPLE.

Mechanical impact and damage resistant.  
Smooth and shiny surface. Easy to use.

**HULL PROTECTION**  
in only 2 coats

## Introducing the world's first resilient antifouling

SeaLion Resilient is an efficient biocide free underwater hull protection in only two coats. The product is especially designed for vessels where maintenance simplicity and docking efficiency is crucial. The strong surface of SeaLion Resilient significantly reduces the risk of mechanical damage and maintains hull condition throughout the service period.

### Strong

The strong and resilient coating is designed to withstand mechanical damage that in turn will simplify maintenance and reduce docking cost.

### Smooth

The smooth and glossy surface provides a low drag out-of-dock performance.

### Simple

The simple application procedure requires only 100 microns SeaLion Resilient on top of any 1 coat of underwater approved primer.

### Save money through docking simplicity

The new SeaLion Resilient is simple to use and gives a strong hull protection. By simplifying maintenance and reducing need for repair, SeaLion Resilient can contribute to a significant reduction in docking cost, labour and off-hire as well as very low paint consumption and VOC emissions.

## ADDED VALUE

- Efficient dockings
- No film erosion
- UW cleaning compatible
- Biocide free
- Low paint consumption

## TECHNICAL INFORMATION

Solids (volume %)	83% ± 2
DFT SeaLion Resilient	100 µm
DFT Complete System	300 µm
Total number of coats	2
Abrasion resistance	Excellent
Gloss and colour retention	Excellent
VOC level (US Method 24)	161g/l
VOC (ISO 3233)	114 g/l

## Jotun GreenSteps

### Anchoring sustainable development

Jotun's greatest contribution to the environment and society is our premium coatings system's protecting property against decay and corrosion.
