

Super Durable Finish Coating System

FLUOREX

Fluororesin Finish Coating

FLUOREX FINISH is a fluororesin finish coating based on the combination of fluororesin and polyisocyanate resin pigmented with excellent weather resisting colour pigments. This coating system helps to reduce the life cycle cost and fruition of extended finery by it's long - term maintenance free film performance.

Advantages

- 1 Excellent weather resistance
- 2 Excellent long - term gloss retention
- 3 Excellent application workability
- 4 Excellent physical properties such as toughness, impact and abrasion resistance
- 5 Excellent resistance performance such as to heat, oil, sea water, acid, etc.

Comparison for weather resistance (Gloss retention %) with accelerated weathering test

Super Durable Finish Coating System

FLUOREX

Fluoresin Finish Coating

Recommended Use

For Industrial plants, power plants, bridges, tank exterior, etc.
Super durable coating system for steel structures with long - term free maintenance.

Standard Coating Specification

CMP CHUGOKU MARINE PAINTS, LTD.
